

2026

Fall Semester

QUICK GUIDE

As a part of our 2030 Vision, we desire for every stage of life, all generations, to have a portion here. Your journey to belonging and connection at The Village Church starts with **people, place, and purpose.**

Below you will find opportunities for our next semester of classes and groups. While we do have programming that runs all year long, there are certain offerings that run on a more formal schedule, offered only in the Fall or Spring semesters of the year, and also require registration, as spots are limited. To see the full scope of everything that TVC offers, visit the Events page of our website (vll.ge/events).

Looking for a place to serve?

You can find the open spaces at vll.ge/serve.

If you're brand new...

If you're in need of care and healing...

Recovery offers a safe place to pursue healing and freedom in Christ due to sin, suffering, or oppression. These groups can be a great entry point for seeking support, and you can join at any time.

Steps helps us get traction in our relationship with God by addressing unresolved issues from our past, uprooting unhealthy patterns of coping, and practicing basic principles of spiritual formation that bring about maturity in Christ.

Care Groups are designed to provide support and connection by using a biblically-based curriculum on specific topics of suffering, loss, or oppression.
